Words and Music by Blackston/ King

(Chorus)

They say faith can move the mountains

They say faith can light the dark

They say faith is all you need

To give your life that loving spark.

Verse 1:

You've got your options

You've got your plans

Life is made up

Of little demands

Nothing stays constant

Between A or B

Make a decision

And get what you see (repeat chorus)

Verse 2:

You make a decision

Lay in a course

You are who you are now

For better or worse

Through tears of joy

Or tears of grief

It doesn't matter

'Cause the moments are brief (repeat chorus)
